

Cessnock Pistol Club – Covid19 Safety Plan – Effective 27 June 2021

With the new outbreak of Covid19 in the Sydney region, restrictions have been reinstated. The two main controls contained below is the requirement to wear a mask while indoors, and a return to the 1 person per 4 square meter rule. As was the case with previous phases, if any member falls ill or attends the club while ill, the club will need to return to full lockdown until the premises can be appropriately cleaned and this policy reviewed.

1. **IF YOU ARE UNWELL, HAVE COME INTO CONTACT WITH A CONFIRMED CASE OF COVID19, HAVE BEEN TO A CONFIRMED HOT SPOT OR ARE AWAITING TEST RESULTS FOR COVID19, DO NOT ATTEND CLUB PREMISES.**
2. **Everyone must carry a mask with them at all times when on the Club premises. This mask must be worn within the 'inside' areas of the range.** This includes the clubhouse, toilets, air pistol range, equipment containers and target rooms. This does NOT include the undercover areas of the outdoor ranges.
 - a. Where possible, please use your own mask.
 - b. Masks will be provided at the sign-on station and must be put on before you sign in.
3. All guidelines, regulations and orders from State and Federal governments must be adhered to, as well as those provided by Sport NSW and the NSWAPA.
4. Shooting activities are permitted on **all days of the week**. Live fire activities are limited to daylight hours as per normal standing orders.
5. The Club House (not including the office or the score room) can be occupied to a maximum of **20 people at any one time**. Members must observe the **maximum of 1 person per 4 square meters rule** while not shooting. Those shooting must be at least 1m apart. Please be conscious of this rule while in small areas of the complex such as the bathrooms and the target room.
6. Communal kitchen facilities can be used. Please be sure to thoroughly wash any utensils you have used and wipe down surfaces when you have finished.
7. Please wash your hands and use hand sanitizer at least upon arrival and before leaving the premises.
8. **The club is open to members, visitors and spectators. Visitors and spectators who do not share a household with a member must complete a covid19 safety declaration upon arrival, or use the Service NSW QR code provided. Training of new members can only occur on Saturday and Tuesday mornings. All people attending the club must sign in via our electronic sign in.**
9. Members and visitors are required to wipe down all surfaces in their bay at the conclusion of their match and after physical contact with any other surface.
10. When a club firearm is used, it must not be re-used until it has been appropriately sanitized.
11. While training under the provisions of the P650 regime, a face covering is required and social distancing is to be observed where possible while maintaining the appropriate level of supervision.
12. The Secretary and Treasurer may be on hand to make direct transactions with members during this phase, however members must be wary of the 1 person per 4 square meter rule when entering the office. It is still preferred that contact is made via email\mail\phone where possible. Cashless payment is also preferred at this time.
13. Please ensure that you sign in every time you attend and that all of your contact details are current with the Secretary. You can update your details via the Club's website.

Range occupancy guideline

Range	Matches	Max. Occupancy	Requirements
1	Action Match (Falling Plates)	3	Range officer remains at doorway, maximum of two shooters within range area
2	ISSF & 25yrd Service	9	One person per bay up to a maximum of 8 shooters per range and one range officer. 1 person per 2 square meters observed forward of the line.
